Development / Design Review Committees (DRC) have been established as an advisory group for the Director of the Office of Zoning and Development formal recommendations/comments on Special Administrative Permit (SAP) applications within the Beltline Overlay and particular SPI zoning districts. Applicants are required to make a presentation of their project to the applicable DRC committee. DRC review is required as part of a completed SAP application for the relevant zoning districts.

Each DRC shall consist of committee members representing the corresponding district stakeholders including: property owner(s), business owner(s) or resident(s), and applicable neighborhood organization(s), among others.

The DRC convenes monthly (or as needed) to comment on SAP applications within a particular district. Each DRC shall provide recommendations to the Office of Zoning and Development Staff and the applicant within 7 business days, unless the applicant is requested to return to the applicable DRC and/or present to respective neighborhood organization(s).

Application Submittal and Review Process

- 1) Submit a complete application to be provided with an official application number. If applicable, arrange a pre-application meeting prior to submission with Ms. Jubie Thompson at 470-599-2131 or jthompson@atlantaga.gov.
- 2) Notify the applicable DRC contact (as listed above) to arrange placement on the next scheduled DRC meeting agenda.

DRC Submittal Requirements

- 1) Written summary of proposed scope of work (include applicable project information such as total square footage, # and breakout of residential units, and square footage of each commercial use, building height, parking and loading provided, etc.).
- 2) Identification of all administrative variations requested and written justification for each requested.
- 3) PDF Digital drawings (to-scale) of site plans and building elevations as applicable to the scope of work.
- 4) Photographs of the existing property.
- 5) Contact DRC representative to e-mail project information (prior to meeting) and confirm DRC meeting date and time.
- 6) At the DRC meeting:
 - a. Provide hardcopies of cover letter and drawings (in 11"x17" size) for distribution to each committee member.
 - b. Provide drawings on boards for project presentation to committee members or digital PowerPoint presentation (coordinate with DRC representative on the latter).

Committee Review Responsibilities

- 1) Make recommendations on projects concerning zoning requirements and administrative variations requested.
- 2) Make other design recommendations for consideration concerning an application. Note: these other recommendations are not code requirements.

DATE: 12/13/2024

****Applicant shall submit this letter as the cover page to the package mailed to NPU chair or designee****

NPU Chairperson or Designee:

Enclosed is a copy of a Special Administrative Permit (SAP) application for a property located within the Beltline Overlay, NC-2, NC-6, NC-10, NC-11, NC-12, NC-14 or NC-16 zoning district. As part of the SAP application process applicants are required to submit site plans and building elevations, as applicable to the scope of work, to the Office of Zoning & Development for approval prior to obtaining a building permit. The following scopes of work may trigger SAP approval in the previously mentioned zoning districts:

“All exterior demolition, new construction (including additions to existing buildings), expansions of outdoor dining or any construction which results in increased lot coverage, modification of the building footprint, or modification of building facades that alters the configuration of openings.”

In addition to the SAP submittal as specified above, the applicant is also required to send a full copy of the SAP application to the respective NPU chair or their designee, evidenced with a mailing certificate, so that the NPU has an opportunity to review and provide written comments to the Office of Zoning & Development regarding an application prior to any SAP approval. Please note that for Beltline Overlay Districts where underlying zoning regulations require Variance, Special Exception or Special Use Permit action, the SAP shall not be issued until the necessary approval has been obtained.

The time period for NPU comment is 21 days from the date of the postage certificate. If the NPU does or does not have comments, or feels they are unnecessary, the Office of Zoning & Development should receive such written notification as soon as possible within the 21-day period. Comments received after the designated review period are not required to be considered in the Office’s project review or approval.

The Beltline Overlay, NC-2, NC-6, NC-10, NC-11, NC-12, NC-14 and NC-16 zoning districts primarily have design requirements that prescribe parameters for site layout and building elevations. Issues of land use or density (building square footage or number of units) are addressed by the underlying zoning district regulations. Therefore, NPU review should primarily focus their comments on the following items:

- Building placement
- Building setbacks adjacent to streets (pertaining to minimum sidewalks and supplemental zones widths), and transitional yards
- Provision of sidewalks and street trees
- Provision of parking, loading and bicycle spaces
- Location of parking and driveways
- Parking lot landscaping
- Parking deck façade elevations
- Building façade elevations related to entrances and windows
- Other zoning regulations that are eligible for administrative variations
-

Questions, please call 404-330-6145 and request to speak with the assigned SAP planner. Please reference the SAP application number in your request.

Please send your written comments and or questions to the following email. Please reference the SAP case number in the subject line:

Residential Open Space Requirements (refer to Chapter 28 for clarification)

Definitions and Methods of Calculation

- LUI** = Land Use Intensity Ratios Table (per Section 16-08 R-G District Regulations)

TOSR are calculated only for residential developments. TOSR includes the total horizontal area of uncovered open space plus 1/2 of the total horizontal area of covered open space subject to the limitations in Section 16-28.010 (4). Covered total open space is the open space closed to the sky but having two clear unobstructed open or partially open (50% or more) sides.

 - TOSR required = (LUI table) X (GLA).
 - TOSR provided = (GLA) – (area of building footprint) + (combined area of balconies and rooftop terraces).

UOSR requirements are calculated using the residential FAR (of the corresponding net lot or GLA lot sized used to calculate FAR) for both residential and mixed-use developments. It does not include areas for vehicles. However, newly created on-street parking (outside of existing travel lanes) and new streets may be counted towards the UOSR calculations as specified in the district regulations.

 - UOSR required = (LUI table) X (the corresponding lot size used to calculate FAR).
 - If GLA is used for USOR, then the amount provided shall be = (NLA) – (area of building footprint + surface area of parking lots, and driveways) + (balconies, rooftop terraces, and landscaped areas on sidewalks within the adjacent right-of-way).

TOSR: Total Open Space Requirements for Residential Only Projects

The applicant hereby acknowledges notification that in the process of design review in connection with this **Special Administrative Permit (SAP)**, the City of Atlanta Office of Zoning & Development (OZD) will only review such documents as are deemed necessary for the approval of a project concept in compliance with the district regulations set forth in the City of Atlanta Zoning Code. Such documents may include, without limitation, the elevations of the structures proposed and site plans specifying the arrangement of such structures and other features of the project, but generally will not include a full set of construction drawings. This level of review is for the purpose of determining compliance with those sections of the Zoning Code applying to the district where the project is located or to be located and to allow the applicant the flexibility to receive approval for a project concept without the requirement that a full set of construction drawings, that would otherwise be necessary to obtain a building permit, be prepared, presented and reviewed.

It is the applicant's duty to ensure that all drawings or plans, that may be required for further permitting of the actual construction of the project, will result in a finished project that complies with the elevations, site plan and other plans on which the SAP was granted. The applicant is further notified that neither the Office of Buildings nor any of the other City of Atlanta agencies that review any other part of the overall project plans for compliance to building codes, zoning codes, the tree preservation, the riparian buffers ordinance, land disturbance regulations, drainage and sewer capacity or any other regulations in effect at the time of plan review have the authority to approve any changes to the exterior appearance of structures or site plans in a SAP.

It is the responsibility of the applicant to ensure that any changes required, requested, or allowed by any other City agency or any other agency reviewing the plans during any part of the building permit process will not alter the exterior appearance of any structure or cause the relocation, rearrangement and/or reorientation of any feature of the site plan. Therefore, it is important for the applicant to be aware that even changes which may be in compliance with other codes, including without limitation, an increase to the height of the structure, whether resulting from changes to the foundation plan or the grading plan of the site, alterations to the interior layout of the structure that affect the location or size of exterior doors or windows, or changes to the method of construction for any floor of a structure or the roof of any structure, may affect the exterior appearance in a manner which could cause the finished structure to be out of compliance with the elevations approved by the OZD.

The applicant is further put on notice that the location of any feature specified on the site plan is not to be changed from that location which is specified on the site plan approved by the OZD. This includes, without limitation, any such changes that might affect the setbacks of any structure, the orientation of structures or features on the lot, including, without limitation, accessory buildings, the location and size of driveways, walkways, fences, parking pads, parking spaces, loading zones and service areas. It shall be the responsibility of the applicant to ensure that any changes required by any agency reviewing plans for the project remain consistent with the site plan and elevations approved by the OZD

It shall be the responsibility of the applicant, not the OZD, to monitor any plan changes during the permitting of the project to be sure that such changes do not affect the elevations and site plan approved by the OZD at the time of issuance of the SAP.

It is also the responsibility of the applicant to ensure that any changes made on site during the construction of the project, regardless of whether such changes are approved by a City building inspector, or representative of another City agency as being in compliance with the building codes or other applicable codes, do not result in a change to the exterior appearance of a structure or in a change to the site plan. The City of Atlanta Zoning Ordinance provides a process under which changes to the elevations and site plan in a SAP may be approved, however such approval is not guaranteed and the applicant is hereby notified that such changes are based on the application of the district regulations and not on the fact that a hardship, financial or otherwise may result if such permission is not given. The duty to adequately monitor the construction of the project to ensure compliance to the approved SAP and or any other City permit shall at all times be on the applicant, who assumes all risk of loss, financial or otherwise, from enforcement actions that result from the failure to comply with the SAP or any other City permit.

The applicant acknowledges that relief from any stop work order or other enforcement action, whether resulting from action taken by the OZD staff, the Office of Buildings staff or by the staff of any other City agency, must be appealed within the time and in the manner provided by the City Code. The applicant further acknowledges that the decision to apply to the OZD for permission to alter the approved plans is not an appeal of a stop work order or other enforcement action. The applicant acknowledges that it is solely within their own discretion to choose a process to resolve any dispute arising from the interpretation of any ordinance, the issuance of a stop work order or any other enforcement action and that the resolution of any such matter shall be made in compliance with the City Code and other applicable laws. The applicant further acknowledges that no written or oral representation of any City officer, employee, agent or elected official can waive or modify the City Code.

SPECIAL ADMINISTRATIVE PERMIT (SA

SAP-24-263 ION

(*APPLICABLE ONLY FOR SHARED OFF-SITE PARKING

ITS)

File # _____

The Director of the Office of Zoning & Development or their designee may approve a shared off-site parking arrangement (on private property), as permitted by the corresponding zoning district, subject to the applicant providing all of the following documentation. Please check below each item submitted. **Items omitted can and will delay applicant's review process.**

- ___ 1. Written summary describing the shared parking arrangement which shall identify:
 - a) Subject property: the principal property address and the lessee's name and contact information
 - b) Off-site parking: the off-site property address and the lessor's (property owner) name and contact information

- ___ 2. Written notarized consent of the property owners agreeing to the shared parking arrangement.

- ___ 3. Property owner verification: affidavits, deeds or other documents that verify current property ownership information of the property providing the off-site parking.

- ___ 4. Copies of valid notarized parking leases which shall include:
 - a) The term of the lease and expiration date. Note: lapse of a required lease agreement may result in revocation of building permits/business licenses. Renewed leases shall be filed with the Office of Zoning & Development.
 - b) A list of all executed lease agreements for the off-site parking location which are current at the time that the application is filed with the Office of Zoning & Development. For each agreement identify the tenant, the time frame, the number of parking spaces to be used, and the hours of operation during which the spaces are leased. If no agreements exist, submit affidavit from property owner stating to that affect.

- ___ 5. Site plans for all properties to be included in the shared parking arrangement. Said plans shall include the following:
 - a) Drawn to-scale that indicates the location and the layout of the proposed parking spaces in relation to the lessor's property.
 - b) Documentation of all tenants sharing the parking facility, including:
 - i. By type of use (i.e. retail, eating and drinking establishment, office, residential, etc.) and their individual tenant square footages to determine minimum parking requirements for each.
 - ii. Hours of operation of each tenant.
 - c) Illustrative indication of how such shared off-site parking spaces shall be clearly marked and signed reserved during the specified lessor's hours.

Sample site plan with applicable information:

Special Administrative Permit Request for 3201 Peachtree Rd. NE, Atlanta, GA 30305

Dear Members of the Special Administrative Permit Committee,

On behalf of D&B Capital Group LLC, doing business as "Bungalow," I, Ali Moradi, the owner of the business, respectfully submit this request for a Special Administrative Permit to authorize proposed modifications to the exterior and site located at 3201 Peachtree Rd. NE, Atlanta, GA 30305. This submission is made with the permission of the property owner, Ms. Elizabeth C. Bradshaw, whose consent letter is included in the attached documents.

The proposed changes aim to enhance the aesthetic and functional value of the property, aligning with the dynamic nature of the Buckhead community while maintaining compliance with city regulations. The scope of the proposed work includes:

1. ****Addition of a Patio:**** An outdoor patio space designed to provide a welcoming and vibrant dining experience for patrons. The patio will feature tasteful landscaping and furniture that complements the existing structure.

2. **Construction of a Rooftop Patio:** A rooftop patio to create a distinctive dining and socializing area, offering an upscale experience with stunning views of the surrounding area. The design prioritizes safety, accessibility, and adherence to all relevant building codes.

3. **Expansion of the Kitchen:** A kitchen addition to accommodate increased demand and ensure efficient service. The upgraded facility will support the preparation of our cuisine while adhering to health and safety standards.

These proposed enhancements are intended to improve the overall customer experience while contributing positively to the neighborhood's character and economy. The plans have been developed thoughtfully, ensuring that the changes integrate seamlessly with the existing structure and surrounding environment.

Enclosed with this letter, you will find the required application materials, including:

- Architectural and site plans detailing the proposed modifications.
- Photographs of the existing structure and renderings of the planned enhancements.
- A letter of consent from the property owner, Ms. Elizabeth C. Bradshaw.
- Supporting documentation addressing compliance with zoning and building regulations.

We kindly request the Committee's review and approval of this application. Please do not hesitate to contact me directly at 813-817-4661 or via email at mybavard@yahoo.com should you require additional information or wish to discuss this matter further.

Thank you for your attention and consideration. We are excited about the opportunity to contribute to the continued growth and vibrancy of Buckhead.

Sincerely,

Ali Moradi
